## *Preparing for a time of Renewal*

FEB. – MAR. 2010  
Issue 2-3 VOL.2

Massive global earthquakes, record setting snow and rain. Some may see these as signs of impending doom but our Connection gives us serenity knowing that this is The Creator clearing the slate for the new beginnings of spring. The reforming of the earth, enriching the reservoirs and the farmland, will bring great abundance. It is no different with us. As we phase into spring, our renewal of sobriety and recovery commitments will lead to a “happy and joyous freedom we would otherwise never know.” As in most things, our attitude and how we choose to see the world can determine our actions in it. We need to remain grateful for all we have and share it with our Fellows.
